## DETAILED ACTION

### *Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance:

**Note: Examiner would like to first eliminate the Applicants' confusion**

Examiner did not erroneously cite Tiedemann (US 2005/0135320). Tiedemann, as Applicants have correctly asserted, claims priority to a parent case 09/788259 filed on February 15, 2001 and thus receives benefit of the February 15, 2001 filing date (See MPEP 201.06). The Tiedemann reference thus predates not only January 4, 2002 date of Applicants' application but also earliest provisional date August 20, 2001 of Applicants' application. Tiedemann (US 2005/0135320) is therefore valid prior art and Examiner absolutely meant to cite Tiedemann (US 2005/0135320).

The prior art of record fails to teach or show **varying a first transmit power level of the mobile station on a first reverse link channel/reverse rate control channel responsive to power control commands from a serving base station, while conditionally ignoring power control commands from any non-serving base stations for purposes of power controlling the first reverse link channel/reverse rate control channel** therefore Claim 1, with all of the claims that depend directly and indirectly from Claim 1, Claim 32, with all of the claims that depend directly and indirectly from Claim 32, and Claim 57, with all of the claims that depend directly and indirectly from Claim 57 are allowable.

The prior art of record also fails to teach or show **power controlling only the second reverse link channel if the base station is not the serving base station** thus Claim 25, with all of the claims that depend directly and indirectly from Claim 25 and Claim 78, with all of the claims that depend directly and indirectly from Claim 78 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raymond S. Dean whose telephone number is 571-272-7877. The examiner can normally be reached on Monday-Friday 6:00-2:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward F. Urban can be reached on 571-272-7899. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
